Ref: (a) BuPers Circular Letter 2-44 dated 7 Jan. 1944.

1. I respectfully request that I be transferred to a Submarine Training School and subsequently to sea duty aboard a submarine.

2. I am 23 years of age and a graduate of the Metropolitan Vocational High School, New York City, New York. Among other courses, I completed four years each of electrical wiring and maintenance and mechanical drawing, and two years of blueprint reading.

3. For a period of two years I was employed by the Eagle Electrical Company, New York City, New York, as electrician's helper, where I worked on the repair of DC and AC motors and generators. Thereafter, I was employed for a period of three years in the New York Navy Yard, Brooklyn, New York, where I was engaged in electrical wiring of fire control instruments and switchboards, repair and "trouble shooting" of fire control circuits. The tools used are those contained in the Marine Electrician's Kit. At this work I also read blueprints.

4. I am a volunteer for submarine service.

5. In the event this request for transfer is approved, I agree to comply with BuPers Art. E-5405(h) by extending my present enlistment for a period of two years after completion of the Submarine Training School Courses.

6. I desire this transfer to a Submarine Training School and subsequently to sea duty aboard a submarine for I believe that I will be of greater service to the U. S. Navy in this assignment than in my present work. I understand that in the event this request is granted, an adjustment in rating may be made.
